### Code of Ethics for Members

Lake Hill Lawn Bowling Club's Code of Ethics is grounded in the following principles:

#### **Respect For Others**

The principle of respect challenges members to act in a manner **respectful of the dignity of all participants** in sport regardless of their connection to the sport. Fundamental to this principle is the basic assumption that **each person has value and is worthy of respect**.

#### **Responsible Action**

The principle of responsible action carries the basic ethical expectation that the activities of members will benefit society in general and participants in particular and **will do no harm**. Fundamental to the implementation of this principle is the notion that **each member is responsible for the consequences of their actions or inactions**.

#### **Integrity**

Integrity means that members are expected to be **honest, sincere, and honourable in their relationships with others**. Acting on these values is most possible when members possess **a high degree of self-awareness and the ability to reflect critically** on how their perspectives influence their interactions with others.

#### **Honouring Sport**

The principle of honouring sport in general and lawn bowling in particular challenges members to **recognize, act on, and promote the value of lawn bowling for individuals and teams** and for society in general.
